Program Information

The Pre-Pharmacy requirements on this sheet are required for applying to Temple University's Pharmacy Program ONLY.

- Students considering Pharmacy Schools outside of Temple should check with their respective school(s) regarding acceptable Anatomy & Physiology, Physics, and Calculus sequences.
- Students are recommended to complete all of their General Education courses, which will satisfy the Humanities & Social Sciences requirements.
- General Education requirements can be taken in any order. For detailed information on these classes, see the General Education section in the Bulletin.
- Pharmacy College Admission Test (PCAT) is required for all applicants applying to Temple University School of Pharmacy.
- The minimum competitive GPA is 3.00 or higher (but is not the only factor). Temple’s School of Pharmacy has high admission’s standards.

**This is not a major. Students are required to declare a degree-bearing major by the time they earn 30 credits.**

PREPARATION FOR THE STUDY OF PHARMACY

The American Association of Colleges of Pharmacy and the American Council for Pharmaceutical Education have adopted regulations that require all member schools to offer a minimum course of six academic years. The School of Pharmacy at Temple University has established a minimum pre-professional requirement of two academic years followed by four years of instruction in the School of Pharmacy. The two-year pre-professional program may be completed at any accredited liberal arts, community or junior college. The courses listed on the reverse side are a suggested pre-pharmacy program for students enrolled at Temple University’s College of Science and Technology. Pre-pharmacy programs in other institutions vary somewhat due to differences in course credits and course content.

Applicants must apply through PharmCas. It is also in the best interest of the student to thoroughly understand the PharmCas application Process. It is the responsibility of the applicant to request the forwarding of official transcripts from all colleges previously attended to the Office of Admissions of the School of Pharmacy. A supplemental application and $50 fee must be mailed directly to Temple University School of Pharmacy after completing PharmCas required materials.
