KEYNOTE SPEAKER

Jennifer Gresh, CST '98

After serving in the United States Air Force, Jennifer Gresh earned her bachelor's in geology at Temple University and a master's at the University of Delaware. Gresh, a licensed professional geologist, has dedicated her career to supporting the environmental needs of private and public sector clients. Gresh has provided high-level consulting services

to the cities of Philadelphia and Wilmington and numerous economic redevelopment agencies. These services have included property assessment, remediation, planning for brownfield redevelopment projects, and managing large multidisciplinary projects.

Before becoming Verdantas' principal and senior consultant in environmental assessment and remediation, Gresh was Mid-Atlantic environmental practice leader as well as Philadelphia division director. Her recent projects included EPA brownfield-funded environmental assessment and cleanup of abandoned oil terminals along the Schuylkill River to support redevelopment for Bartram's Trail and citywide assessments of Philadelphia's parks and recreation properties for potential lead impact. She also led the Philadelphia Housing Authority's assessment of more than 3,000 single-family homes for environmental clearance under US Housing and Urban Development regulations.

A recognized leader in the environmental consulting industry, Gresh was awarded the 2021 Touchstone Award by the Society of Women Environmental Professionals of Greater Philadelphia. Gresh earned Temple University's Gallery of Success honor in 2023 and is a past president of CST's Alumni Board.

STUDENT SPEAKER

Yumna Ejaz, BS, CST '25

Yumna Ejaz is graduating with a bachelor's in biology with a minor in clinical and health psychology. Her research at Temple includes work in Parkson Lee-Gau Chong's lab at the Lewis Katz School of Medicine. Her work focused on lipid-based nanoparticles, involving preparing liposomes and evaluating their stability, size fluctuations and

interactions with bovine serum albumin. She presented her findings at CST's research symposium in 2024, showcasing nanoparticle fabrication and characterization.

At CST, Ejaz has been a teaching assistant as well as a peer leader and then a peer leader captain, supporting first-year students as they transition to college. She presented on academic success, well-being and campus involvement and connected students to campus resources. Beyond Temple, Ejaz has worked as a patient observation assistant at Lehigh Valley Hospital where she provided emotional support and basic nursing care and documented patient well-being to medical staff.

In 2025, Ejaz attended the 44th First Year Experience Conference and explored innovative strategies to enhance CST's first-year and transfer seminars with the goal of improving student engagement and retention. She presented key insights gained from the conference at CST's Spring 2025 Research and Leadership Symposium.

After graduation, she plans on taking a gap year to travel and work to gain more experience in healthcare before applying to medical school.

ALUMNI SPEAKER

Michael Remaker II, BS, CST '06

A data and financial technology executive, Michael Remaker is a leader in restructuring data systems across various industries and developing strategies to bring advanced analytics products to market.

He is currently chief technology officer (CTO) at Mural Health, a platform for managing the clinical trial experience for participants and providers. He was previously a technical advisor and fractional CTO with G2 Startup Advisors, a company that improves back-office operations such as talent acquisition and finance. He also served as a strategic advisor and senior vice president, data and engineering, at Spring EQ, a fintech company specializing in mortgages and home equity loans.

Previous leadership roles have included vice president, data architecture and strategy, at Relay Network, which builds custom news and information feeds for customers, employees and businesses.

Remaker earned his bachelor's in information science and technology and graduated *magna cum laude* in 2006. He joined the CST Alumni Board in 2018, then served as Board treasurer from 2020 to 2022. He became Board president in 2022. He has also been a mentor to several CST students through the Alumni Board's Owl to Owl Mentor Program.

Collegial Awards

ALEXANDER VON HUMBOLDT SCIENCE EDUCATION AWARD

This award is given to a CST TTeach student who has inspired others to learn science. The award is made in honor of Alexander von Humboldt, (1769–1859) who created the way we understand nature today. He developed the idea that nature was a web of life and described Earth as a living organism. An intrepid explorer and the most famous scientist of his age, lifelong friend Thomas Jefferson called him “the most scientific man of his age.”

John Kim

AMERICAN CHEMICAL SOCIETY UNDERGRADUATE AWARD IN ANALYTICAL CHEMISTRY

Awarded to an outstanding student who has displayed an interest in and aptitude for analytical chemistry.

Daniel Zimmer

AMERICAN CHEMICAL SOCIETY UNDERGRADUATE AWARD IN BIOLOGICAL CHEMISTRY

Awarded to an outstanding student who has displayed an interest and aptitude for biochemistry.

Erin Martin

AMERICAN CHEMICAL SOCIETY UNDERGRADUATE AWARD IN INORGANIC CHEMISTRY

Awarded to an outstanding student who has displayed an interest and aptitude for inorganic chemistry.

Chris Gamboa

AMERICAN CHEMICAL SOCIETY UNDERGRADUATE AWARD IN ORGANIC CHEMISTRY

Awarded to an outstanding student who has displayed an interest and aptitude for organic chemistry.

GRADUATING CST PEER TEAM

The CST Peer Team is the foundation of the CST Advising office. We appreciate all of their hard work! Congratulations!!!

PEER ADVISORS have a thorough understanding of CST's and Temple University's policies, services and procedures. They offer great advice to help fellow students achieve their academic goals. They serve as the welcome team for our in-person and virtual front desks. Peer Advisors facilitate student-related programs and projects and participates in campus-wide recruitment events like CST Open Houses and Accepted Students Days.
