Program Information

The Pre-Pharmacy requirements on this sheet are required for applying to Temple University's Pharmacy Program ONLY.

- Students considering Pharmacy Schools outside of Temple should check with their respective school(s) regarding acceptable Anatomy & Physiology, Physics, and Calculus sequences.
- Students are recommended to complete all of their General Education courses, which will satisfy the Humanities & Social Sciences requirements.
- General Education requirements can be taken in any order. For detailed information on these classes, see the General Education section in the Bulletin.
- Pharmacy College Admission Test (PCAT) is required for all applicants applying to Temple University School of Pharmacy.
- The minimum competitive GPA is 3.00 or higher (but is **not** the only factor). Temple's School of Pharmacy has high admission's standards.
- **This is not a major. Students are required to declare a degree-bearing major by the time they earn 30 credits.**

PREPARATION FOR THE STUDY OF PHARMACY

The American Association of Colleges of Pharmacy and the American Council for Pharmaceutical Education have adopted regulations that require all member schools to offer a minimum course of six academic years. **The School of Pharmacy at Temple University** has established a minimum pre-professional requirement of two academic years followed by four years of instruction in the School of Pharmacy. The two-year pre-professional program may be completed at any accredited liberal arts, community or junior college. The courses listed on the reverse side are a suggested pre-pharmacy program for students enrolled at Temple University's College of Science and Technology. **Pre-pharmacy programs in other institutions vary somewhat due to differences in course credits and course content.**

Applicants must apply through PharmCas. It is also in the best interest of the student to thoroughly understand the PharmCas application Process. It is the **responsibility of the applicant** to request the forwarding of official transcripts from all colleges previously attended to the Office of Admissions of the School of Pharmacy. A supplemental application and \$50 fee must be mailed directly to Temple University School of Pharmacy after completing PharmCas required materials.
