

Mid-Atlantic Numerical Analysis Day

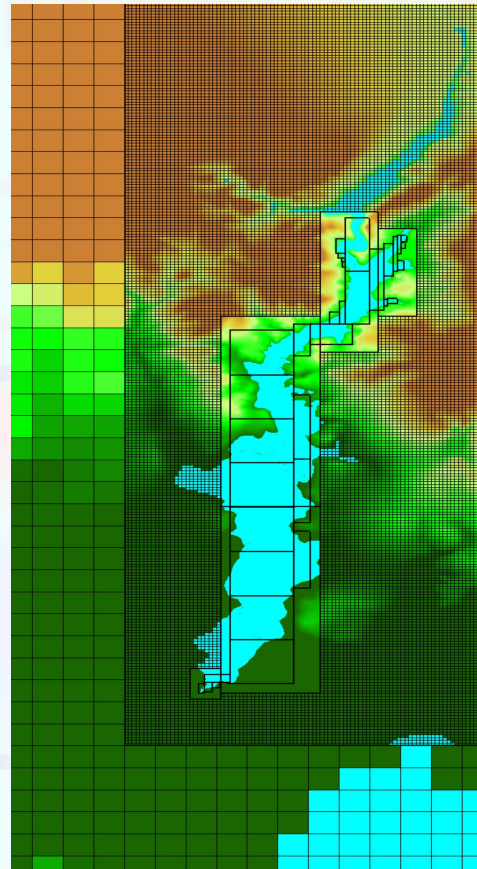

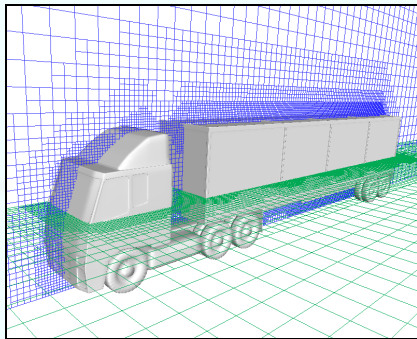

A one-day conference on Numerical Analysis and Scientific Computing for graduate students and post-doctorates from the Mid-Atlantic region

Friday, 22 November 2013

TEMPLE
UNIVERSITY

Philadelphia, PA

Keynote Speaker:

Marsha Berger

Courant Institute of Mathematical Sciences, New York University

*Old and New Challenges for Embedded Boundary
Grids in Computational Fluid Dynamics*

This one-day meeting provides an opportunity for graduate students and postdocs to present their research, and to meet other young researchers. There will be contributed talks and poster presentations.

Meeting website:

<http://www.math.temple.edu/research/applied/na-day>

Register online

There is no registration fee, but every participant needs to register in advance.

Submit an abstract

For a contributed talk or a poster by 7 October 2013. You may also just join as a listener.

Make your own travel arrangements (see website for hotels and directions).

Email contact: naday@temple.edu

Organizers: Benjamin Seibold and Daniel B. Szyld

Sponsored by the Department of Mathematics, College of Science and Technology, and the Graduate School, Temple University
