

# Mid-Atlantic Numerical Analysis Day

Friday, 9 November 2018

 **TEMPLE**  
UNIVERSITY  
Philadelphia, PA

*A one-day conference on Numerical Analysis and Scientific Computing for graduate students and post-doctorates.*

*A great opportunity to present your research and to meet other young researchers.*

*The meeting features contributed talks and poster presentations.*

## Keynote Speaker

Tim Warburton  
Virginia Tech

*On building an exascale-ready high-order finite element flow solver*

### Meeting website:

<http://www.math.temple.edu/events/conferences/na-day>

### Register online

There is no registration fee, but every participant needs to register in advance.

### Submit an abstract

For a contributed talk or a poster by 15 October 2018.

You may also just join as a listener.

**Make your own travel arrangements** (see website for hotels and directions).

**Email contact:** [naday@temple.edu](mailto:naday@temple.edu)

Organizers: Benjamin Seibold and Daniel B. Szyld

Sponsored by the Department of Mathematics, College of Science and Technology, and the Graduate School, Temple University
